TERMS OF REFERENCE

I. PROJECT TITLE

Procurement of ISO 9001:2015 – Quality Management System (QMS) Certifying Body for the Fifteen (15) DepEd Regional Offices

II. BACKGROUND AND/OR RATIONALE

The Department of Education (DepEd) is mandated under the Republic Act No. 9155, also known as “An Act Instituting a Framework of Governance for basic Education, Establishing Authority and Accountability, Renaming the Department of Education, Culture and Sports as the Department of Education, and for Other Purposes”, to formulate, implement and coordinate policies, plans, programs and projects in the areas of formal and non-formal basic education; supervise all elementary and secondary education institutions, including alternative learning systems, both public and private; and provide for the establishment and maintenance of a complete, adequate and integrated system of basic education relevant to the goals of national development.

In line with the thrusts of the government to be responsive to the needs of its clients by improving productivity on its operations and delivery of quality services, and in support to the DepEd’s mission to protect and promote the right of every Filipino to quality, equitable, culture-based, and complete basic education, all DepEd Regional Offices (I, II, III, IV-B, V, VI, VII, VIII, IX, X, XI, XII, CARAGA, CAR, and NCR) have signified interest and commitment to harmonize their existing management system and processes with the National Quality Management System (NQMS) certifiable to ISO 9001:2015 standards. DepEd as one of the Government Quality Management Program (GQMP) Beneficiary Agencies will receive technical assistance from the Development Academy of the Philippines (DAP) to harmonize the processes and services and institutionalize NQMS across all regions. The series of capability-building and assessment activities to be conducted by DAP to DepEd Regional Offices allows the synchronization of DepEd Regional Offices' current management system to a certifiable QMS which is expected to improve overall services leading to customer satisfaction.

For 2023, the project aims to procure the services of a Certifying Body to conduct an audit and certify the conformance of the 15 Regional Offices to ISO 9001:2015 QMS in November 2023. The detailed address and number of employees per site is attached as Annex A.
